WELCOME TO THE WORLD IN ONE PLACE

A once-in-a-lifetime celebration of humanity and the largest event ever staged in the Middle East, Expo 2020 Dubai is a ground-breaking spectacle that brings together more than 200 participants - including countries, innovators, companies, non-governmental organisations, entrepreneurs, universities and creatives. Staged under the theme 'Connecting Minds, Creating the Future', Expo 2020 Dubai presents an opportunity for all of us to create a meaningful legacy that will span generations and echo around the world.

It's an event filled with surprises, innovations and awe-inspiring sights. We're talking gardens in the sky, an Emirati opera and one of the world's largest

360-degree projection screens; we're talking space-themed playgrounds and giant entry portals made from the same material as spaceships; we're talking thought-provoking discussions, and mind-bending art installations, creating memories that will last a lifetime.

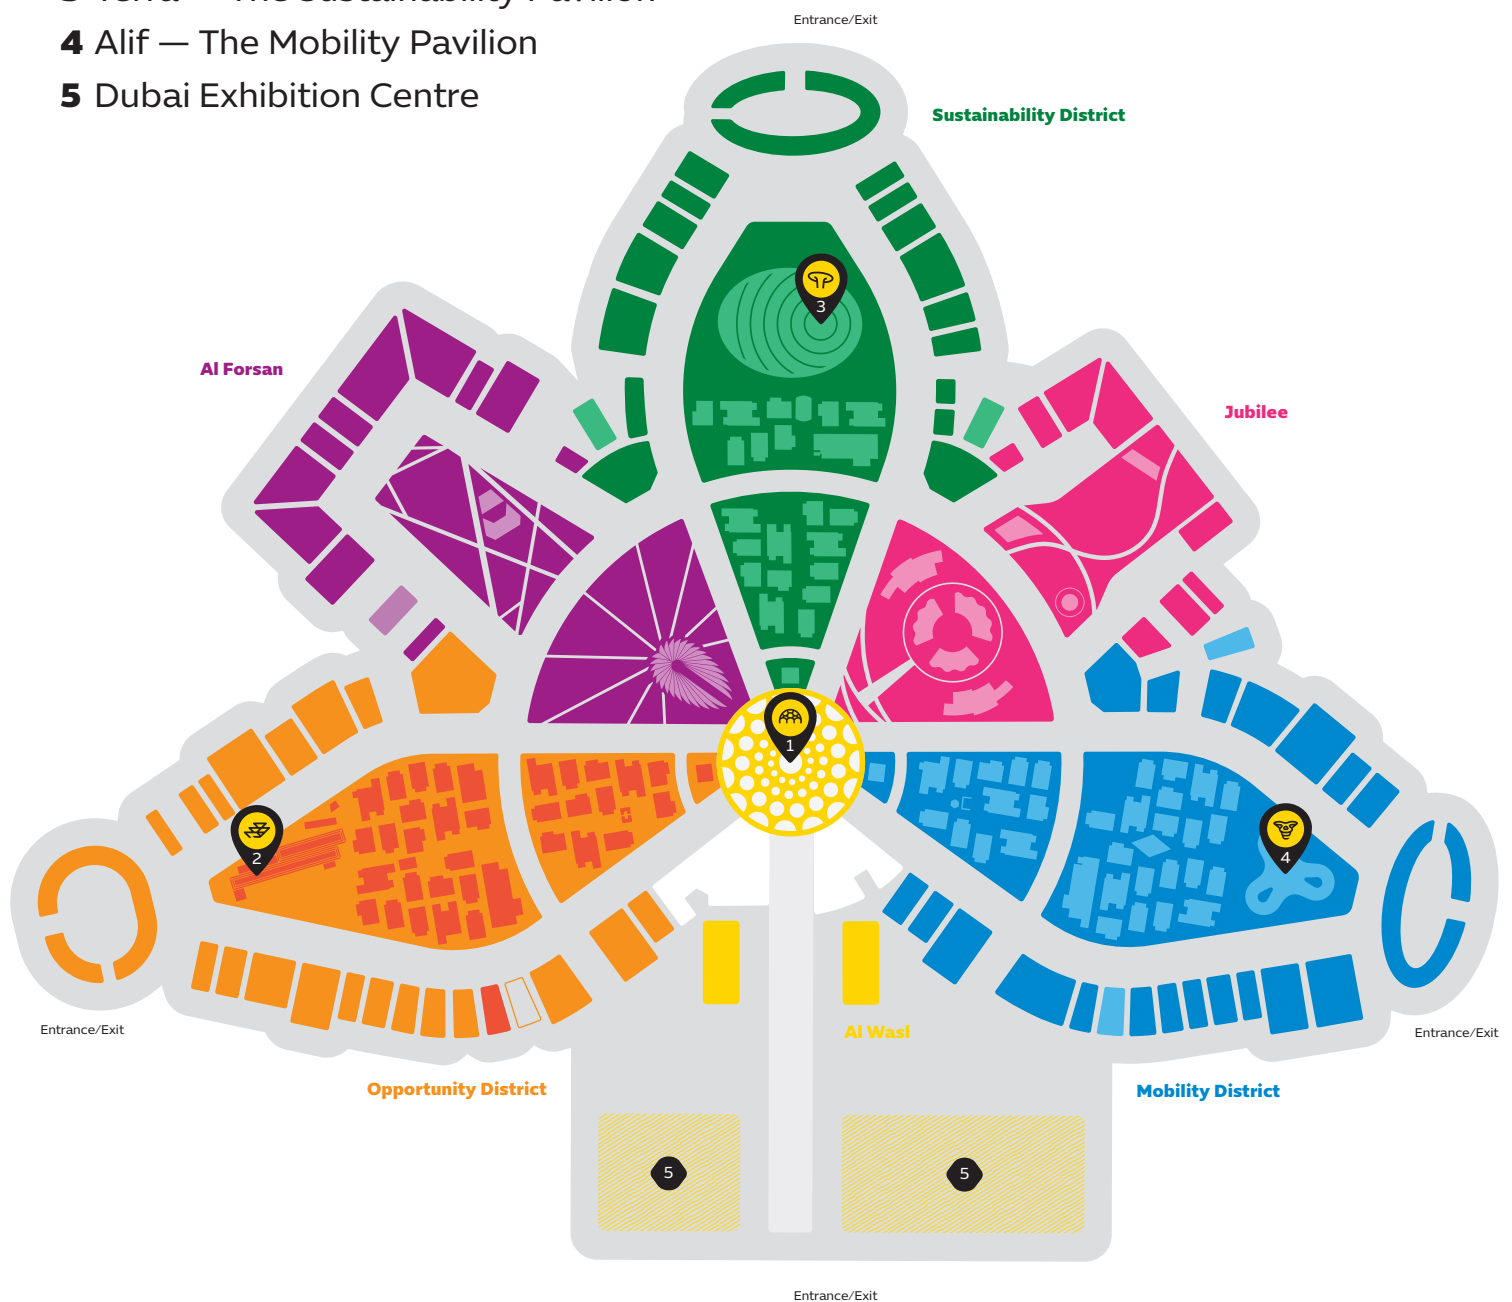

Ever since the first event in 1851, World Expos have connected people, enriched lives and accelerated human progress. By bringing together nations for the common goals of supporting education, innovation, and collaboration, Expos present unique opportunities for fostering dialogue and charting new courses for advancement. As the 21st century unfolds, the challenges the world faces have become more complex and interrelated.
